Dear Dr. Eisenberg,

I would like to receive updated information and sample application materials for the Research Grant Program when available. Our office is responsible for notifying faculty about upcoming funding opportunities, and it is very helpful to have such information/applications to pass along to those who are interested.

If applications are not yet available, I would greatly appreciate basic information as to the application deadline schedule because I am preparing our campus-wide February deadline newsletter and would like to include your program(s).

Thank you.

Sincerely,

G. Lynette Michael
